If you enrolled in **Kaiser** medical coverage, please be advised that members registered on kp.org can access a digital version of their membership ID card right from their smart/mobile devices using the Kaiser Permanente mobile app. KP.org provides convenient, secure access to members' Kaiser membership information, so members can check in for appointments, pick up their prescriptions, and access their family's membership information. To access the digital ID card, follow the instructions below.

1. Register:

- Go to **www.kp.org**
- In the “Member Sign On” box, select “Register now”
- Confirm your identity with secure information like your Medical Record Number (MRN), Social Security, or security questionnaire. This will ensure that only you can access your information
- Create a user ID and password
- Review and submit

2. After registering,

- Download the Kaiser Permanente app from Google Play or Apple App Store
- Log in to Kaiser Permanente app using kp.org credentials
- Tap on card icon to access the digital membership card
- Members have access to email a version of their own and / or registered family members ID cards once logged into kp.org.
